How to Use This Map

Each cell represents one school day. Work left to right across each week. Page counts are listed in each cell for reference. This map is a guide, not a strict schedule. If your student needs extra time on any lesson, simply pause and resume. The goal is mastery, not speed.

*Disclaimer: The timeline and outcomes described above are estimates based on the recommended pacing guide of 5 days per week at the suggested pages per day. Individual results will vary depending on the child's age, prior knowledge, learning pace, and consistency of practice. This curriculum map is intended as a flexible guide, not a guaranteed promise of specific outcomes or timelines. ReadyPhonics by The Literacy Mission is a supplemental literacy resource and is not intended to replace professional educational assessment or intervention.
